

Enovix to Present at Oppenheimer 24th Annual Technology, Internet & Communications Conference

August 2, 2021

FREMONT, Calif., Aug. 02, 2021 (GLOBE NEWSWIRE) -- Enovix Corporation ("Enovix") (Nasdaq: ENVX, ENVXW), the leader in the design and manufacture of next generation 3D Silicon™ Lithium-ion batteries, today announced that the management team will present at the Oppenheimer 24th Annual Technology, Internet & Communications Conference on Wednesday, August 11, 2021 at 4:35 PM Eastern Time.

You can access the webcast of the presentation from the News and Events section of Enovix's website at <https://ir.enovix.com>.

About Enovix

Enovix is the leader in advanced silicon-anode lithium-ion battery development and production. The company's proprietary 3D cell architecture increases energy density and maintains high cycle life. Enovix is building an advanced silicon-anode lithium-ion battery production facility in the U.S. for volume production. The company's initial goal is to provide designers of category-leading mobile devices with a high-energy battery so they can create more innovative and effective portable products. Enovix is also developing its 3D cell technology and production process for the electric vehicle and energy storage markets to help enable widespread utilization of renewable energy.
