

Enovix to Present at Raymond James 2021 Technology Investors Conference

December 1, 2021

FREMONT, Calif., Dec. 01, 2021 (GLOBE NEWSWIRE) -- Enovix Corporation ("Enovix") (Nasdaq: ENVX, ENVXW), the leader in the design and manufacture of next-generation 3D Silicon™ Lithium-ion batteries, today announced that the management team will present at the Raymond James 2021 Technology Investors Conference on Monday, December 06, 2021 at 1:20 PM Eastern Time.

A live webcast of the presentation can be accessed by selecting Events under the News and Events section of the Enovix website at <https://ir.enovix.com>. A replay of the webcast will be archived for one year following the presentation, also in the Events section.

Management will also be available for one-on-one meetings with institutional investors at the conference. Portfolio managers and analysts who wish to request a meeting should contact your respective sales representative at Raymond James.

About Enovix

Enovix is the leader in advanced silicon-anode lithium-ion battery development and production. The company's proprietary 3D cell architecture increases energy density and maintains high cycle life. Enovix is building an advanced silicon-anode lithium-ion battery production facility in the U.S. for volume production. The company's initial goal is to provide designers of category-leading mobile devices with a high-energy battery so they can create more innovative and effective portable products. Enovix is also developing its 3D cell technology and production process for the electric vehicle and energy storage markets to help enable widespread utilization of renewable energy.
